

Babyface - Nobody Knows It But Me

Tom: G

G D
I pretend that I'm glad you went away
Em7 D
These four walls closing more every day

C
And I'm dying inside
D G
And nobody knows it but me

G D
G D
Like a clown I put on a show
Em7 D
The pain is real even if nobody knows

C
And I'm crying inside
D G
And nobody knows it but me

G D
Em7 D
Why didn't I say the things I needed to say

C D
How could I let my angel get away

C D
I can say it so clearly but you're nowhere around

G D
The nights are lonely the days are so sad and

Em7 D
I just keep thinking about the love that we had

C
And I'm missing you

D G
And nobody knows it but me

Repete a Sequencia

I carry a smile when I'm broken in two
And I'm nobody without someone like you
I'm trembling inside
And nobody knows it but me (yeah)

I lie awake, it's a quarter past three
I'd scream out at night if I thought you'd hear me
Yeah, my heart is calling you
And nobody knows it but me

How blue can I get?
You could ask my heart
But like a jigsaw puzzle it's been torn all apart
A million words couldn't say just how I feel
A million years from now you know I'll be loving you still

The nights are lonely the days are so sad and
I just keep thinking about the love that we had
And I'm missing you
And nobody knows it but me

Tomorrow morning
I'm hittin the dusty road
Gonna find you where ever
Ever you might go
And I'm gonna unload my heart
And hope you come back to me

Say when the nights are lonely
The nights are lonely the days are so sad and
I just keep thinking about the love that we had
And I'm missing you
And nobody knows it but me

The nights are lonely the days are so sad and
I just keep thinking about the love that we had
And I'm missing you
And nobody knows it but me

The nights are lonely the days are so sad and
I just keep thinking about the love that we had
And I'm missing you
And nobody knows it but me
