

# Backstreet Boys - Helpless When She Smiles

Tom: A  
Intro: (D E Gb) - 2x D

Solo da Intro e dos 1 e 2 Versos:

She keeps the secrets in her eyes  
She wraps truth inside her lies  
And just when I can't take what she's done to me  
She comes to me  
And leads me back to paradise

She's so hard to hold  
But I can't let go

I'm a house of cards in a hurricane  
A reckless ride in the pouring rain  
She cuts me and the pain is all I wanna feel  
She danced away just like a child  
She drives me crazy, drives me wild  
But I'm helpless when she smiles  
Oh, when she smiles, she smiles

Maybe I'd fight it if I could  
It hurts so bad, but feels so good  
She opens up just like a rose to me  
When she's close to me

Anything she asked me to, I would  
Out of control  
But I can't let go  
I'm a house of cards in a hurricane  
A reckless ride in the pouring rain  
She cuts me and the pain is all I wanna feel  
She danced away just like a child  
She drives me crazy, drives me wild  
But I'm helpless when she smiles

When she looks at me  
I get so weak  
I'm a house of cards in a hurricane  
A reckless ride in the pouring rain  
She cuts me and the pain is all I wanna feel  
She danced away just like a child  
She drives me crazy, drives me wild  
But I'm helpless when she smiles  
Oh, when she smiles, she smiles  
when she smiles oh, when she smiles  
when she smiles
