Backstreet Boys - Inconsolable
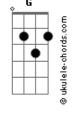

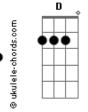

Tom: G

```
                     C        G
I close the door
       D                   C        G
Like so many times, so many times before
    D                      C     G
Felt like a scene on the cutting room floor
         D
When i let you walk away tonight
C      Em  D
Without a  word

            C         G
I try to sleep, yeah
       D                            C   G
But the clock is stuck on thoughts of you and me
    D                       C    G
A thousand more regrets unraveling, ohh
          D
If you were here right now, i swear,
      C    Em  D
I'd tell you this

(chorus)
            Em                   D
Baby i don't want to waste another day
C                 G     B7
Keeping it inside it's killing me
       Em              D            C     B7
Cause all i ever want, it comes right down to you, to you
       Em                  Am
I'm wishing i could find the words to say
D                    G           Am
Baby i would tell you every time you leave
Gbm        B7
I'm inconsolable

             C    G
I climb the walls
       D                           C     G
I can see the edge but i can't take the fall, no.
       D
I've memorized the number
          C              G
So why can't i make the call?
D                        C    Em   D
Maybe 'cause i know you'll always be with me
            C Em  D
In the possibility

(chorus)
            Em                    D
```
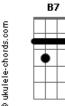

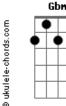

```
Baby i don't want to waste another day
C                 G     B7
Keeping it inside it's killing me
       Em              D            C     B7
Cause all i ever want, it comes right down to you, to you
       Em
I'm wishing i could find the words to say
D                    G           Am
Baby i would tell you every time you leave
Gbm        B7
I'm inconsolable

(bridge)
C    G                 D
     i don't want to be like this,
                              C
I just want to let you know,
G                    D
Everything that i'm holding,
                  C   G  D                    C G D
Is everything i can't let go,          oohh.. i can't let go.

(chorus)

Keeping it inside it's killing me
       Em              D            C     B7
Cause all i ever want, it comes right down to you, to you
       Em                  Am
I'm wishing i could find the words to say
D                    G           Am
Baby i would tell you every time you leave
Gbm        Em D C G B7
I'm inconsolable

              Em
Don't you know it baby
D              C        B7
I don't want to waste another day
       Em                  Am
I'm wishing i could find the words to say
D                    G           Am
Baby i would tell you every time you leave
 Gbm        B7
I'm inconsolable
G       B7

C    G       D  (x2)
Oh.. i'm inconsolable (oohh.. yeah.. oh..)
