

Backstreet Boys - Lose It All

Tom: Eb

Take what you need
 Cause I can't hold my breath
 Say what you feel
 Cause I've got nothing left
 I made a promise to myself last night
 I'm gonna keep it if it's wrong or right

Chorus:

If I lose it all
 There'll be nothing left to lose
 And I would take the fall
 Cause knowing you are out there breathing
 Is so wonderful
 It's a chance I'll take
 Even if I break and
 I lose it all

If I lose it all
 It wouldn't matter anyway
 Don't change a thing
 You're perfect as you are
 Time has a way
 And time is all I've got
 If my heart should shatter watching you
 There'll be one less thing I'd have to prove

Chorus

Heaven will be waiting
 When I fall into your open arms
 I believe you'll find me there
 Find me there

Chorus

Acordes
