

Backstreet Boys - Siberia

Tom: F

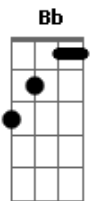

When you come back I won't be here/ She said it gently pulled me near/
 If you wanna talk you can call/ and no it's nooooooot your fault/
 I just smiled and said let go of me/ now there's something I just gotta know
 Did someone else steal my part/ she said it's noooooot my fault
 Then my heart did time in Siberia/ was waiting for the lie to come true
 Cuz it's all so dark and mysterious/ when the one you want doesn't want you
 too
 Verse 2

I was drifted in between/ like I was on the outside looking in
 In my dreams you are still here/ like you've always been
 Yeah my (Chorus)
 Bridge
 Getting myself away completely/ but you just couldn't see me
 Though I was sleeping in your bed/ cuz someone else was on your mind
 In your he|-----ad
 3rd Verse
 When I came back she wasn't there/ just a note left on the stairs
 If you wanna talk give me a call
 (Chorus) fade...
