

# Backstreet Boys - Something That I Already Know

Tom: Gb

Ebm B  
Here we are, seven days  
Db  
And seven nights of empty tries  
Ebm B  
It's rituals, habitual  
Db  
But it's never gonna work this time

Abm B  
We're to the point of no return  
Gb Db  
And along the way the only thing we're learned  
B Db  
Is how to hurt each other

Ebm B  
I'm looking back and wondering why  
Db  
It took so long to realize  
Ebm B  
That nothing's changed, it never will  
Db  
All these years of standing still  
Abm B  
And still we stay, in all this pain  
Gb Db  
And nothing's going to make it go away

Ebm B  
I don't want to wait another minute  
Gb Db  
Put me out of my misery  
Ebm B  
I can read your mind baby you're not in it  
Gb Db  
And we're not what we used to be  
B Gb  
No you wouldn't have to lie to me  
Ebm Db  
If you would only let me go  
Ebm B Db  
And I don't want to wait another minute to hear

Something that I already know Ebm  
B Db  
I know, I know, I know  
Something that I already know Ebm  
B Db  
I know, I know, I know

Ebm  
So save your voice  
B  
Don't waste your breath  
Db  
Can't you see we're at the end ?  
Ebm B  
This goodbye, it's permanent  
Db  
So wish me well and try to forget

Abm

All the fights  
B  
And all the ways  
Gb Db  
We almost made it but we never did  
B Db  
And finally it's come to this  
Ebm B  
I don't want to wait another minute  
Gb Db  
Put me out of my misery  
Ebm B  
I can read your mind baby you're not in it  
Gb Db  
And we're not what we used to be  
B Gb  
No you wouldn't have to lie to me  
Ebm Db  
If you would only let me go  
Ebm B Db  
And I don't want to wait another minute to hear

Something that I already know D  
B D  
We can not hide what we've become  
B Db  
So sick and tired of being numb  
B Ebm B Gb Db
