

# Backstreet Boys - You Can Let Go

Tom: E  
Intro: (B Gb Dbm E) - 2x B

I could see in your eyes  
Broken windows, falling skies  
Baby, baby, what you hiding from  
Like they followed you around  
Lately nowhere to be found  
Don't you know that I'm your place to run  
You've been holding on so long  
Trying to make believe that nothin's wrong  
Not letting it show  
And there ain't nothing you can do  
To make me turn away from you  
I need you to know  
That you can let go

Sifting through the shattered dreams  
Living in the in between  
Baby, baby it's going to be all right  
All right  
(you can let go)

And when you're lost, let down,  
Disappointed, jerked around  
In this cold, cold world  
I will always be by your side

Oooh, you've been holding on so long  
Trying to make believe that nothin's wrong

Not letting it show  
And there ain't nothing you can do  
To make me turn away from you  
I need you to know  
That you can let go

Don't be afraid when you're falling apart  
Don't hesitate I'll be right where you are ..  
Open your eyes  
There's a crack in the dark  
You never let me see you cryin'  
You locked it somewhere deep inside  
Baby, baby, let me hold you tight  
Make it all right  
Baby, baby, it's gonna be all right  
Cause I'm by your side  
When the whole world turns against you, yeah, yeah  
Baby, baby, it's gonna be all right  
Cause I'm by your side  
When the whole world turns against you, yeah, yeah

You can let go you've been holding on so long  
Trying to make believe that nothin's wrong  
Not letting it show  
And there ain't nothing you can do  
To make me turn away from you  
I need you to know
