

Backstreet Boys - You Can Let Go

Tom: E
Intro: (B Gb Dbm E) - 2x B

I could see in your eyes
Broken windows, falling skies
Baby, baby, what you hiding from
Like they followed you around
Lately nowhere to be found
Don't you know that I'm your place to run
You've been holding on so long
Trying to make believe that nothin's wrong
Not letting it show
And there ain't nothing you can do
To make me turn away from you
I need you to know
That you can let go
Sifting through the shattered dreams
Living in the in between
Baby, baby it's going to be all right
All right
(you can let go)
And when you're lost, let down,
Disappointed, jerked around
In this cold, cold world
I will always be by your side
Oooh, you've been holding on so long
Trying to make believe that nothin's wrong
