

# Bad Religion - It s A Long Way To The Promise Land

Tom: B

Riff:

It's a long way to the promise land so you'd better well know your way  
There's a ship on the ocean and an albatross who is trying to lead you astray

E B A B  
Leaders, politicians, and power whores  
A B  
are in line to receive your choice  
A B  
And you bet your ass, if you give it to them,  
A E B E B  
they will gladly take your voice

Chorus:  
A B A E B  
And it's a long way to the promise land Wo-oh Oh oh oh  
A B A E B  
And it's a long way to the promise land Wo-oh Oh oh oh

(Riff)  
It's a long way to the promise land, if we work we might find it here  
There's no substitute for enlightenment, there's no reason for bridled fear

E B A B  
When you join the people who've joined the club  
A B  
you gotta clench and play your hand  
A B  
'Cuz if you fall in line you're gonna fall in time  
A E B E B  
and you'll never make a stand

(Chorus)

Bridge:  
D E B D E B  
What are you going to do? When they call for you?  
D E B D E B  
Bend and capitulate? Or keep your head on straight?

E B A B  
Easy answers bought without experience,  
A B  
is gonna l lead you to certain doom  
A B  
Because the truth is just what you make of it,  
A E B E B  
it begins and ends with you!

(Chorus)x2  
Get in line
