

Bad Religion - Tomorrow

Tom: G
Intro: E C G

E D A
every day we profit so,
leaning towards the great unknown,
E C D E
asking how it pertains to tomorrow
aim for places we've not been,
trample paths that go between,
yesterdays foundations and tomorrow
E D
it's the way they say it's got to be,
C G D
we spear ahead and forge our destiny,
who do the represent?,

who do you believe?,
C D E
make a sound decision for others to heed
E D E D E G D A
try to set a faster pace,
try to build a master race,
one that will make a contribution to tomorrow
it's the way they say it's got to be,
we put aside our fears and make history,
the clothes are in the dryer and the writing is on the wall
we're doing everything we can stop this fall
E C G D A

leaning towards the great unknown
