

Bad Religion - Too Much To Ask

Tom: C
Intro: C-Riff-E x3 then C-Riff2-E(H)

Riff: Riff2:

E(H)
a refreshing plunge,
G(H)
a drink of palatable water,
D E(H)
a deep inspiration on a warm summer day,
a safe stroll in a middle of the road community,
a neighbour who in times of need will not turn away, E
I ain't no politician, I am a citizen, C E
G(H) D
and I wonder if I'm living too far out of bounds
community protection, rehabilitation,
police that serve without legitimate right to main,

global awareness, ecological guilt,
cultural and environmental awakening,
I ain't no optimist, I try to be a realist,
and I think that we're living too far out of bounds,
C E
is it too much to ask?
C G D
could it be the earth is shrinking?,
I can see the walls closing in,
D C G
no one can take much for granted anymore

remote control, three cars for every family,
corruption at the expense of the simple majority,
a violent clash, a plunder of the third world,
any wretched ploy that bolsters our economy,
I ain't no blind supporter, I'm a conscious citizen,
and I know that we're living too far out of bounds,
is it too much to ask?
could we keep the earth from sinking?,

I'm not taking nothing for granted anymore
