

Bad Religion - Turn Your Back On Me

Tom: G

(intro) A C D A C D A C D G

I've been searching for so long
 now the search party is gone
 won't somebody tell me what the hell went wrong
 we started out so strong

(A C D A C D A C D A C D)
 I never wanted to hurt you
 I didn't plan to desert you
 I couldn't possibly express how much I care
 So turn your back on me

(G D Am C D G D Am C D G D Am C D G D Am C D)
 Come on turn your back on me
 To survive turn your back on me
 we're the same as far as I can see
 so come on turn your back on me

(G)

If I could I would stand outside myself
 And pretend that I was looking back at somebody else
 If I could do it again would I merely defend it all to the end?
 or do the ends justify themselves?

(A C D A C D A C D A C D)
 I never wanted to hurt you
 I didn't plan to desert you
 I couldn't possibly express how much I care
 So turn your back on me

(G D Am C D G D Am C D G D Am C D G D Am C D)
 Come on turn your back on me
 To survive turn your back on me
 we're the same as far as I can see
 so come on turn your back on me
