

Badflower - Daddy

tom:

[Primeira Parte]

Abm Gb
Sweet little girl, with nothing to say

Abm Gb
She hides in the smile she wears on her face

Abm Gb
The secrets of her the family keeps

Abm Gb
The secrets of him that blacken the sheep

Abm Gb
She shakes at the sound of jingling keys

Abm Gb
The man that she loves, the violent disease

Abm Gb
'Cause when he's around, there's nothing to hide

Abm Gb
She makes no sound as she swallows her pride

[Pré-Refrão]

E Ebm
And Daddy only comes when he's ready for more

Abm Gb
She waits on the floor, she watches the door

E Ebm
And Daddy only comes when he's begging for more

Abm Gb
And just like before he opens the door

[Refrão]

Abm B E
Weigh your heart against my eyes

(Are you sober now, is it over?)

Abm B E
Weigh your heart against my eyes

(She'll be so let down when she's older)

Abm B E
Play her father when she cries

(Now she's so messed up, and she says)

E Gb
All I want is

[Segunda Parte]

Abm Gb
Now he returns like every time

Abm Gb
With rum on his breath and her on his mind

Abm Gb
There's no one around to witness the crime

Abm Gb
A scream won't sound past the property line

Abm Gb
The man that she loves, the wicked offense

Abm Gb
She takes the attention, suppresses the rest

Abm Gb
Emotion and pain, it can't be disguised

Abm Gb
The smaller she feels, the bigger she cries

[Pré-Refrão]

E Ebm
And Daddy gives it all 'cause he loves you the most

Abm Gb
He's stretching your clothes, you're clenching your toes

E Ebm
He says he gives it all 'cause he loves you the most

Abm Gb
He's holding you close, his hands on your throat

[Refrão]

Abm B E
Weigh your heart against my eyes

(Are you sober now, is it over?)

Abm B E
Weigh your heart against my eyes

(She'll be so let down when she's older)

Abm B E
Play her father when she cries

(Now she's so messed up, and she says)

E Gb Abm E
All I want is you

E Gb
All I want is

[Ponte]

Abm
Now she's of age, and he's on his last

But nothing can heal the scars of her past

Abm Gb
She feels so alone and angry, because

Abm Gb
She sees him the way the family does

Abm Gb
So late in the night, her eyes seeing red

Abm Gb
And Daddy lay sick on the hospital bed

Abm Gb
She creeps in the room with a bag in her hand

Abm
And smothers the face of a terrible man

E Ebm
If Daddy only stopped when she begged him before

Abm Gb
He'd be so much more, she'd be so much more

E Ebm
If Daddy only stopped when she begged him before

[Refrão]

Abm B E
Weigh your heart against my eyes

(Are you sober now, is it over?)

Abm B E
Weigh your heart against my eyes

(And she's so let down, now she's older)

Abm B E
Play his daughter when he lies

(Now he's so messed up, and he says)

E Gbm Abm E
All I want is you

(Now he's so messed up, and he says)

E Gbm Abm E
All I want is you

(And she's so let down when he lies)
