

# Badflower - Daddy

tom:

[Primeira Parte]

Abm Gb  
Sweet little girl, with nothing to say

Abm Gb  
She hides in the smile she wears on her face

Gb  
The secrets of her the family keeps

Abm  
The secrets of him that blacken the sheep

Gb  
She shakes at the sound of jingling keys

Abm  
The man that she loves, the violent disease

Gb  
'Cause when he's around, there's nothing to hide

Abm  
She makes no sound as she swallows her pride

[Pré-Refrão]

E Ebm  
And Daddy only comes when he's ready for more

Abm Gb  
She waits on the floor, she watches the door

E Ebm  
And Daddy only comes when he's begging for more

Abm Gb  
And just like before he opens the door

[Refrão]

Abm B E  
Weigh your heart against my eyes

Dbm  
(Are you sober now, is it over?)

Abm B E  
Weigh your heart against my eyes

Dbm  
(She'll be so let down when she's older)

Abm B E  
Play her father when she cries

Dbm  
(Now she's so messed up, and she says)

E Gb  
All I want is

[Segunda Parte]

Abm Gb  
Now he returns like every time

Abm  
With rum on his breath and her on his mind

Gb  
There's no one around to witness the crime

Abm  
A scream won't sound past the property line

Gb  
The man that she loves, the wicked offense

Abm  
She takes the attention, suppresses the rest

Gbm  
Emotion and pain, it can't be disguised

Abm  
The smaller she feels, the bigger she cries

[Pré-Refrão]

E Ebm  
And Daddy gives it all 'cause he loves you the most

Abm Gb  
He's stretching your clothes, you're clenching your toes

E Ebm  
He says he gives it all 'cause he loves you the most

Abm Gb  
He's holding you close, his hands on your throat

[Refrão]

Abm B E  
Weigh your heart against my eyes

Dbm  
(Are you sober now, is it over?)

Abm B E  
Weigh your heart against my eyes

Dbm  
(She'll be so let down when she's older)

Abm B E  
Play her father when she cries

Dbm  
(Now she's so messed up, and she says)

E Gb Abm E  
All I want is you

E Gb  
All I want is

[Ponte]

Abm  
Now she's of age, and he's on his last

But nothing can heal the scars of her past

Gb  
She feels so alone and angry, because

Abm  
She sees him the way the family does

Gb  
So late in the night, her eyes seeing red

Abm  
And Daddy lay sick on the hospital bed

Gb  
She creeps in the room with a bag in her hand

Abm  
And smothers the face of a terrible man

E Ebm  
If Daddy only stopped when she begged him before

Abm Gb  
He'd be so much more, she'd be so much more

E Ebm  
If Daddy only stopped when she begged him before

[Refrão]

Abm B E  
Weigh your heart against my eyes

Dbm  
(Are you sober now, is it over?)

Abm B E  
Weigh your heart against my eyes

Dbm  
(And she's so let down, now she's older)

Abm B E  
Play his daughter when he lies

Dbm  
(Now he's so messed up, and he says)

E Gbm Abm E  
All I want is you

(Now he's so messed up, and he says)

E Gbm Abm E  
All I want is you

(And she's so let down when he lies)

E Gbm  
All I want is
