

Badflower - Move Me

tom:
Intro: G Bm A G

[Primeira Parte]

G
Shame, blame

Words like these fester and I pray

For no change in seasons I hate rain don't let me drown in this room

G
Lie, cheat

Don't tell me secrets I can't keep

Your fictions are putrid and so sweet, I'll be so naive for you

[Refrão 1]

Em
If you loved me, why couldn't you find a way

Bm
If you love me, why shouldn't I beg for you to stay

Em
Like your jewelry, oh haven't I lost my shine

Bm
How you used me, how you moved me

[Segunda Parte]

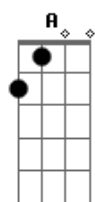

G
So Go, stay

Bm
Something so moving as time waits

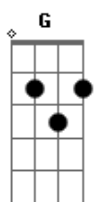

A
You'll come to your senses my blind faith

G
Keeps me so honest and true
