

Badflower - Promise Me

tom:

Intro: Am Bb Dm

[Primeira Parte]

We're getting old, now
 But I don't feel it
 I say you're beautiful
 And I still mean it
 And I don't wanna know
 What old age feels like
 So promise me you won't
 Give up on this life

[Pré-Refrão 1]

And we'll be busy tryin'
 While the rest of them are dyin'

[Refrão 1]

Promise me we'll never grow up
 I don't wanna let go
 I wanna stay young
 And even when the wrinkles show up
 We'll be laughing, and
 We can play forever, don't make me face the truth

[Segunda Parte]

I think it's obvious
 That we'll stay happy
 Cause I'm the happiest
 When you smile at me
 And we won't end the same
 A broken family
 I'll never walk away
 Without you with me

[Pré-Refrão 2]

And times are getting harder
 But I'm nothing like my father

[Refrão 2]

Acordes

Promise me we'll never grow up
 I don't wanna fall out
 I wanna make love
 And even when we can't sew up
 We're together, and
 Happy ever after, don't make me face the truth

[Ponte]

That I'm dying soon
 That we're dying soon (Don't say goodbye!)

We're so much older
 All I want is one more life with you!
 (When did we get so old, so old, so old?)

When did we get so old?
 Why did you get so sick?
 And how could you die?

[Terceira Parte]

You promised me you'd never grow up
 Now I have to let go
 God, I miss you so much!
 And even when your heart gave out
 I was thinkin' how
 I won't say goodbye!
 You promised me you'd never grow up
 But you fucking grew up
 God, I miss you so much!
 And even when your heart GAVE out
 I was thinkin' I'd
 Love you till forever, and I can't face the truth

[Final]

That I died with you
 That you lied
 (That you die...)
