

# Badlands - In a Dream

tom:

D

[Primeira Parte]

When I'm down and feeling low

And confusion has touched my soul

How I need some place where I can hide away

Let me fall within your arms, melt away this cold I feel

All I need is to hold you tonight

[Segunda Parte]

Hold me close when I'm cold, let me hear your beating heart

Close my eyes far away in a dream

In the morning I wake and I'm blessed by God's grace  
 Just to open my eyes to see your face

[Terceira Parte]

Hold you tonight, sweet child, never let me go

Tell me everything, oh, will be alright

In the morning I wake and I'm blessed by God's grace  
 Just to open my eyes to see your face  
 Just to open my eyes to see your face
