

# Bahamas - Lost In The Night

Tom: D  
Intro: D A D  
A D A G

A D D  
I'm lost in the light  
A D D  
I pray for the night  
A D A G  
To take me, to take me to  
A D D  
After so many words  
A D D  
Still nothing's heard  
A D A G  
Don't know what we should do  
D A G A D  
So if someone can see me now, let them see you

A D D  
It was my greatest thrill  
A D D  
But we just stood still  
A D A G  
You let me hold your hand 'til I had my fill

A D D  
Even countin' sheep  
A D D  
Don't help me sleep  
A D A G  
I just toss and turn right there beside you  
D A G A D  
So if someone could help me now, they'd help you too.  
G  
They'd help you to  
A  
See you through  
D G

All the hard things we've all gotta do  
Cause this life is long G  
And so you wouldn't be wrong A  
Bein' free, leavin' me on my own D A G  
A D D  
And I held my own  
A D D  
Still I rattled your bones  
A D A G  
I said some awful things and I take them back

A D D  
If we would try again  
A D D  
Just remember when  
A D A G  
Before we were lovers, I swear we were friends  
D A G A D  
So if someone could see me now let them see you  
G  
Let them see you  
A  
See you through  
D G  
All the hard things we've all gotta do  
G  
'Cause this life is long  
A  
So you wouldn't be wrong  
D A G  
Bein' free here with me on my own
