

# Bahamas - No Depression

tom:

F

F  
I feel it through my shoes  
Bb  
They used to call that the blues  
F  
Now they call it depression

F  
Everywhere I go  
Bb  
Yes, I get to feel so low  
F  
If I got depression

Bb  
My wife don't want no part of me  
Gm  
And yes that fact is hard on me  
F  
That's true

Bb  
I give the doctor a description  
Gm  
And he just writes a prescription  
C C7  
Or two

F  
Peace and quiet were here before  
Bb  
But they both walked out the door  
F

And left me with depression

F  
I hardly leave my room  
Bb  
Most days I sleep 'till noon  
F  
If I got depression

F  
Most folks think I'm fine  
Bb  
But the truth is I'm suprised  
F  
I've got depression

Bb  
To all those girls I've loved before  
Gm  
I'm sorry I love this one more  
F  
That's true

Bb  
If she would just stay with me  
Gm  
Her presence can only lift me  
C C7  
And get me through

F  
I start to come around  
Bb  
I stop putting myself down  
C  
That's called progression
