

Bahsi - Puzzle

tom:
 F (forma dos acordes no tom de C)
 Capostraste na 5ª casa

Well, you know me
 Better than myself
 Better than I will ever know

Will I break through

The puzzles and the maze

That live in my head?

Uh uh uhuuu uh uh uhhhh uh uhhhh

Wake up, save me

From talking to myself

About uncertainties that I have

I'm floating in space, yeah, yeah

Going nowhere

You're the gravity that I have
 Then you said

Honey you don't need to waste your time

You know that you and I can fix anything

Your body is floating, so just release what your mind holds,

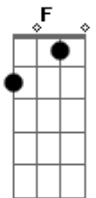

You are not alone

Uh, don't think twice

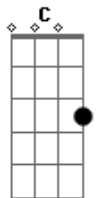

You know you're not alone

Oh you got to release it
