

Baina - Remember

tom:
 Hey, I've heard you're sad
 Now I'm here
 May I be small
 But my heart is big
 Don't matter the past
 I want you the best
 Come home with me
 A happy ending it will be
 Sorry if I hurt you
 It was not in my plans
 Sorry if I made you cry
 Let's just try again
 Remember the moments
 We used to smile
 Remember the feeling
 You've had for me for a while
 I want you in my future

Don't be afraid
 Take my hand
 And please give me one more chance
 I never wished to you go away
 Never wished to lost you this way
 I'll love you to the infinity and beyond
 Let's just try again
 Remember the moments
 Remember the feeling
 Remember my hug
 Remember my kiss
 Everything will be ok
 With you I can be
 The strongest man
 This world will ever see
 Remember the moments
 Remember the feeling
 Remember me
 Please come back to me
