

# Baina - Remember

tom:  
 Hey, I've heard you're sad  
 Now I'm here  
 May I be small  
 But my heart is big  
 Don't matter the past  
 I want you the best  
 Come home with me  
 A happy ending it will be  
 Sorry if I hurt you  
 It was not in my plans  
 Sorry if I made you cry  
 Let's just try again  
 Remember the moments  
 We used to smile  
 Remember the feeling  
 You've had for me for a while  
 I want you in my future

Don't be afraid  
 Take my hand  
 And please give me one more chance  
 I never wished to you go away  
 Never wished to lost you this way  
 I'll love you to the infinity and beyond  
 Let's just try again  
 Remember the moments  
 Remember the feeling  
 Remember my hug  
 Remember my kiss  
 Everything will be ok  
 With you I can be  
 The strongest man  
 This world will ever see  
 Remember the moments  
 Remember the feeling  
 Remember me  
 Please come back to me
