

Ballet Underground - Come To Save Me

Tom: F

Intro: F Dm F Dm

You've said that you don't need me anymore

But we both know that's not truth

You've said that you feel better when you see me

But you don't hear the things I said

So walk this lonely life

Take a breath to a new empty night and

When you see you're in the wrong way

Make sure it's not too late

I'm so sad

I'm so lonely

Please come to save me

I'm so sad

I'm so lonely

Please come to save me

Please come to save me

I'm so lonely

Please come to save me

Please come to save me

Take a strange in your new car

Make a deal with your new heart

That's so empty but you can't see

We can go back to the start

Remember that you've said you are

The one who saves me

So walk this lonely life

Take a breath to a new empty night and

When you see you're in the wrong way

Make sure it's not too late

I'm so sad

I'm so lonely

Please come to save me

Please come to save me

Please come to save me

Don't'n go back to this lonely life

All you need it's just a little more time and

And you see that's no so bad

To fall in love again

We can be in love again

We can be in love again

We can be in love again

Acordes
