

Banda H2Ovos - I Found a Way

tom:

Intro: **Bm**
 Waiting another morning to come
 After a night without sleeping
 You knew that something
 Has to change the mould
 Is all results of this

Everything is in the same way
 Like someone else already has sad
 You couldn't guess the other effects
 No one can clean to you this mess

You needed to something new to see
 But you didn't know you wanna be
 You have to accept

The things this people
 Want you have to believe

If you're living the way they say
 Doing and believe wherever they pray
 You can expect
 For many regrets

Doesn't matter if you pay

There is a light at end of the tunnel
 There is a light inside of me
 I couldn't see, but now i can, finally
 Better later than the never
 It must be better this way
 I finally know...somehow to grow... someway to be free

So time is coming
 So time is coming
 And now i start to run
 To the place i wanna be

So time is coming
 So time is coming
 And now i start to run

To the place i wanna be
 Chalalala... chalalala...chalalala...chalalala

I can see clearly now
 The rust is on grounded now
 I'm finally out of this because i got
 A way
