

# Banks - This Is What It Feels Like

Tom: C

I hang on everything that you say ? You know I can see  
 all the things that imply You secretly are in love  
 And finally when I let myself fall hard for you  
 I see you trying to pretend like I'm making it up

This is what it feels like  
 This is what it feels like

Bring it down, bring it on  
 Bring it now, bring it on  
 This is what it feels like now ? It's getting old  
 Bring it down, bring it on

Remember the first love that we made ? You said that you  
 couldn't  
 sleep cause of me, told me I caught you off guard  
 And then when you saw I felt the same  
 You pulled away ? Started acting like being with me was too  
 hard

This is what it feels like  
 This is what it feels like

Bring it down, bring it on  
 Bring it now, bring it on  
 This is what it feels like now It's getting old  
 Bring it down, bring it on
