

Bastille - These Streets

Tom: C

F C
 These streets are yours you can keep them
 Am G Am
 I don't want them
 F C
 They pull me back and I surrender
 Am G Am
 To the memories I run from

F G Am
 Oh we have paved these streets
 F G Am
 With moments of defeat

F C Am G
 But even if we won't admit it to ourselves
 F C G Am
 We'll walk upon these streets and think of little else
 F C Am G
 But I won't show my face here anymore
 F C Am G
 I won't show my face here anymore

F C
 These streets are yours you can keep them
 Am G Am
 In my mind it's like you haunt them
 F C
 And passing through I think I see you
 Am G Am
 In the shapes of other women

F G Am
 Oh we have filled these walls
 F G Am

With our mistakes and flaws

F C Am G
 But even if we won't admit it to ourselves
 F C G Am
 We'll walk upon these streets and think of little else
 F C Am G
 But I won't show my face here anymore
 F C Am G
 I won't show my face here anymore

(F G Am)(x2)

F G Am
 All that's left behind
 F G Am
 Is a shadow on my mind
 (Oh a shadow comes upon a wall is silhouette and nothing more
 but it's all that's left behind)
 F G Am
 All that's left behind
 F G Am
 Is a shadow on my mind

F C Am G
 But even if we won't admit it to ourselves
 F C G Am
 We'll walk upon these streets and think of little else
 F C Am G
 But I won't show my face here anymore
 F C Am G
 I won't show my face here anymore
 F C Am G
 I won't show my face here anymore
 F C Am G
 I won't show my face here anymore
