

# Bastille - These Streets

Tom: C

F C  
 These streets are yours you can keep them  
 Am G Am  
 I don't want them  
 F C  
 They pull me back and I surrender  
 Am G Am  
 To the memories I run from

F G Am  
 Oh we have paved these streets  
 F G Am  
 With moments of defeat

F C Am G  
 But even if we won't admit it to ourselves  
 F C G Am  
 We'll walk upon these streets and think of little else  
 F C Am G  
 But I won't show my face here anymore  
 F C Am G  
 I won't show my face here anymore

F C  
 These streets are yours you can keep them  
 Am G Am  
 In my mind it's like you haunt them  
 F C  
 And passing through I think I see you  
 Am G Am  
 In the shapes of other women

F G Am  
 Oh we have filled these walls  
 F G Am

With our mistakes and flaws

F C Am G  
 But even if we won't admit it to ourselves  
 F C G Am  
 We'll walk upon these streets and think of little else  
 F C Am G  
 But I won't show my face here anymore  
 F C Am G  
 I won't show my face here anymore

(F G Am )(x2)

F G Am  
 All that's left behind  
 F G Am  
 Is a shadow on my mind  
 (Oh a shadow comes upon a wall is silhouette and nothing more  
 but it's all that's left behind)  
 F G Am  
 All that's left behind  
 F G Am  
 Is a shadow on my mind

F C Am G  
 But even if we won't admit it to ourselves  
 F C G Am  
 We'll walk upon these streets and think of little else  
 F C Am G  
 But I won't show my face here anymore  
 F C Am G  
 I won't show my face here anymore  
 F C Am G  
 I won't show my face here anymore  
 F C Am G  
 I won't show my face here anymore
