

Battleme - Burn This Town

Tom: C

Gonna burn the town
 If you lie to me
 Gonna set it off
 Oh, baby, I was blind to see

Talk me down
 I'll find my wings
 A big bad soul

Some say that it's the end of me

And I tell myself it's not following me
 Break me out of here, 'cause it's blinding me
 Lie to me, baby, don't you lie to me

Nothing's gonna change
 If you wait to save me

(C G C G)

When the world is down
 And fast asleep
 They can't break us now
 Nobody's here for you or me

I'm half way gone
 Don't want to be alone
 I'll burn this town
 I'll find you if you want to be found

And I tell myself they're not following me
 Break me out of here, coz it's blinding me
 Lie to me, baby, don't you lie to me

Nothing's gonna change
 If you wait to save me

Nothing's gonna change if
 You can't, can't save me
