

# Beabadoobee - The Perfect Pair

B

tom:

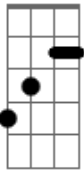

[Riff Principal]

You ought to know that I think we're one and the same  
Don't think we could help it, no, I don't think we could help  
it  
We don't talk much, guess 'cause nothing has changed  
And I'm not sure I like it, and I'm so tired of fighting

If I told you, you know how to go and break my heart in two

## Acordes

'Cause I wouldn't anyways, we'd end up like always  
You know me, better show me that you could say it to my face  
'Cause you know we're the same, there's worse things I can't  
take

I know you hate it when there's nothing to say  
I'm not quite sure w?'d fix it, guess we're so us?d to it  
Wish I'd known this from the beginning  
We'd find it hard to work out, why we have all this doubt

If I told you, you know how to go and break my heart in two  
'Cause I wouldn't anyways, we'd end up like always  
You know me, better show me that you could say it to my face  
'Cause you know we're the same, there's worse things I can't  
take
