

The Beach Boys - All I Want To do

Tom: C

You ain't got time for diamonds
 And you pay no mind to gold
 You gave up everything you had
 But there's one thing I want you to hold
 Come let the power through you
 Come on and let me thrill you mama now
 Baby, come on baby
 Come on baby I just want to do it with you
 Well I don't care where you want to go

Just so you go with me
 And I don't care what you want to do
 But make sure you do it with me
 All I want to do with you
 Well I just make-a some love to you
 Come on baby, come on baby
 I said baby, I just want to do it to you
 All night lo-ong
 Baby, come on baby
 I said baby, I just want to make it with you all night long
 Ohhhh come on come on come on come on baby
