

The Beach Boys - Good Timing

Tom: D

Good good timing

Good good timing

Ah

Ah

You need good timing

Good good timing

All us people

Now we're just living

The world keeps turning

And we're all learning

(refrão)

(You've got) good good timing

Good good timing

You need good timing

It takes good timing

You need good timing

Good good timing

We're all going places

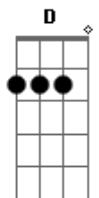

Sharing each other

A celebration

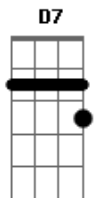

Of being together

(refrão)
