

# Beach Weather - Sex, Drugs, Etc.

tom:

Intro: C Am Em G  
C Am Em G

Late night telephone

Calling all the wallflowers I know

Out the dark and into the light

Half love, half regret

Dressing up for Polaroids and cigarettes

Socialize, romanticize the life

Floating on my low-key vibe

Floating on my low-key vibe, vibe, vibe

I don't need that late night high

I'm floating on my vibe

Vibe, vibe, vibe, vibe, vibe

Bulletproof passengers

On the road to sex, drugs, etcetera

Get out the dark and into the light

Everywhere I go, I know that I don't want to be

Part of something I won't ever need

Your socialized, romanticized life
