

# Bear's Den - Crow

tom:

Intro: E Bm D A

[Primeira Parte]

I think of you much more than  
I would like to admit that I do before strangers  
But there you are

Whistling through the trees again  
Rustling trough the leaves my friend

A feather on my pillow lets me know that you're near

[Segunda Parte]

I remember the night that you arrived  
December maybe '95  
Your hair and your breath smelled of John Player Specials  
A stranger who I learned to love  
A friend when really no one was  
My Daedalus, my wings to fly  
Why'd you leave me behind?

[Refrão]

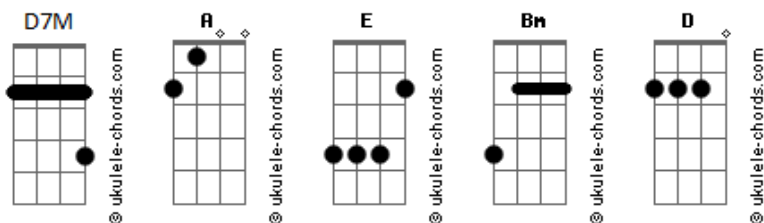

My beautiful crow  
And all those black feathers perched deep in my soul  
Won't let me, let you go

[Terceira Parte]

I never really thanked you for all the light  
You brought into my mother's eyes  
So many others tried  
Her sadness since the day you left  
She will not get out of bed

A

## Acordes

She stares out the window, smokes a black pack of JPS

[Quarta Parte]

I was out on St. Paul's when I heard about your fall  
Walking with Caroline, she burns smokes from time to time  
I walked home alone that night  
I could feel you when I closed my eyes  
I looked up into the night and watched black feathers fall  
from the sky

[Pré-Refrão]

I think of you much more than I'm allowed to admit  
But I do, I still do

[Refrão]

My beautiful crow  
And all those black feathers perched deep in my soul  
Won't let me, let you go

[Ponte]

I have tried to push you down  
I have tried to cut you out  
You're rattling your cage  
I'm rattling my cage  
I have tried to drown you out  
Drink till I don't hear the sound  
The song's still the same  
The song's still the same

[Refrão]

My beautiful crow, and all those black feathers  
Perched deep in my soul  
Won't let me, let you go

[Final] E Bm D7M A E
