

Beck - Already Dead

Tom: **C**

(com acordes na forma de)
 Capotraste na 3ª casa
 Intro:

Verse 1:

Time wears away
 All the pleasures of the day
 All the treasures... you could hold

Verse 2:

Days turn to sand
 Losing strength in every hand
 They can't hold you... anymore

(Same as Verse 1.)

Chorus:

Part 1 (lyrics):

Already dead to me now
 Already dead to me now
 'Coz it feels like I'm watching something dying

Part 2 (instrumental):

(Let the bended string bend down a bit before moving to next

measure.)

Verse 3:

Love looks away
 In the harsh light of the day
 On the edge of... nothing more

(Same as Verse 1.)

Verse 4:

Days fade to black
 In the light of what they lack
 Nothing's measured... by what it needs

(Almost the same as verse 1, only the 2nd measure is different and the last one.)

Chorus:

(Almost the same as previous chorus, in part 1 only the 3rd measure is different and the last one. Part 2 is exactly identical.)

Outro:

(Sounds very much like the intro, but it's not the same actually.)
