Beck - Already Dead

Tom: C

 (com acordes na forma de   )
Capostraste na 3ª casa
Intro:

Verse 1:

Time wears away
All the pleasures of the day
All the treasures... you could hold

Verse 2:

Days turn to sand
Losing strength in every hand
They can't hold you... anymore

(Same as Verse 1.)

Chorus:

Part 1 (lyrics):

Already dead to me now
Already dead to me now
'Coz it feels like I'm watching something dying

Part 2 (instrumental):

(Let the bended string bend down a bit before moving to next

measure.)

Verse 3:

Love looks away
In the harsh light of the day
On the edge of... nothing more

(Same as Verse 1.)

Verse 4:

Days fade to black
In the light of what they lack
Nothing's measured... by what it needs

(Almost the same as verse 1, only the 2nd measure is different
and the last
one.)

Chorus:

(Almost the same as previous chorus, in part 1 only the 3rd
measure is
different and the last one. Part 2 is exactly identical.)

Outro:

(Sounds very much like the intro, but it's not the same
actually.)
