D    A      G       C      D
  Cold Brains, unmoved, untouched, unglued,
    A     G    G G
  alone at last
D   A     G    C    D
  no thoughts, no mind to rot behind
    A       G    G7 G
  a trail of disasters
```

```
A        D     F      A
a final curse abandoned hearse
A        D     F         E
we ride disowned corroded to the bone
```

the fields of green are bent, obscene
i lay upon the gravel
a worm of hope a hangman's rope
pulls me one way or the other

a final curse abandoned hearse
we write this song corroded to the bone

harmonica "solo"

a bird of song is heard no longer
in the evacuated heavens
the drain is drawn and drained and gone
and on and on, it doesn't matter

a final curse abandoned hearse
we ride disowned corroded to the bone

harmonica "solo", fade
