

Beck - Ramshackle

Tom: **B**

Verso:

E
 You've been so long
 Your blind eyes are gone
 Your old bones are on their own

So take off your coat
 Put a song in your throat
 Let the dead-beats pound all around

chorus:

We will go
 Nowhere we know
 Gb **E**
 We don't have to talk at all
 Hand me downs
 Flypaper towns
 Gb
 Stuck together
 E
 One and all

The bargains you drive
 Buckets and bags

And all your belongings

Your train's in the sand
 Ramshackle land
 Let the rats watch the races

We will go
 Nowhere we know
 'Til we find our one and all
 Hand me downs
 Flypaper towns
 Stuck together
 One and all

Praises get spent
 Your trick face is bent
 Pigsties and prizes

'Cause there's no kind of 'well'
 You're suiting yourself
 You leave yourself behind

We will go
 Nowhere we know
 'Til we find our one and all
 Your hand me downs
 Flypaper towns
 Stuck together
 One and all

Acordes
