

# Beck - Ramshackle

Tom: **B**

Verso:

**E**  
 You've been so long  
 Your blind eyes are gone  
 Your old bones are on their own

So take off your coat  
 Put a song in your throat  
 Let the dead-beats pound all around

chorus:

We will go  
 Nowhere we know

**Gb** **E**  
 We don't have to talk at all  
 Hand me downs  
 Flypaper towns

**Gb**  
 Stuck together

**E**  
 One and all

The bargains you drive  
 Buckets and bags

And all your belongings

Your train's in the sand  
 Ramshackle land  
 Let the rats watch the races

We will go  
 Nowhere we know  
 'Til we find our one and all  
 Hand me downs  
 Flypaper towns  
 Stuck together  
 One and all

Praises get spent  
 Your trick face is bent  
 Pigsties and prizes

'Cause there's no kind of 'well'  
 You're suiting yourself  
 You leave yourself behind

We will go  
 Nowhere we know  
 'Til we find our one and all  
 Your hand me downs  
 Flypaper towns  
 Stuck together  
 One and all
