

Bee Gees - Angela

Tom: A

G An gela, I'm still **A** alive.

G An gela, I'm still **A** alive.

A7 The sun and the **Gbm7** sea,

the darkness and the **E** rain,

all the pain don't get no better, **D7M**

it gets stronger every day. **E**

It happens to be true **Bm7**

that I still pray to you, my love. **A** **A**

Voices in the night don't help **Bm7**

my searching for the truth, my love. **A** **A**

And when I'm lost **D7M**

and high above the storm I hear your name, **E**

I'm empty inside, I'm empty inside, **D7M**

and where are you. **A**

G An gela, I'm still **A** a live.

For the two of us, I'm still **A** a live. **G**

A7 You've got to imagine us, **Gbm7**

all the world was on our side, **E**

D7M we had the power of the universe
and we were ready,

E we were ready for the ride.

And moonlight in her hair, **Bm7**

her eyes, the wonder of the age, **A** **A**

but all I mean to you, my love, **Bm7**

is just a spotlight on an empty stage. **A** **A**

And through it all, **D7M**

one fire in the rain **E**
keeps burning on, keeps burning on.

D7M I can't stop my heart,

it's beating for you,
reaching for you

E but you were gone.

I'm empty inside, I'm empty inside, **D7M**

and where are you. **A**

G An gela, I'm still **A** a live.

For the two of us, I'm still **A** a live. **G**

G Angela, **A** I'm still **F** a live.

G aahh **A** ahh

G Angela, **A** I'm still **A** a live
