

# Bee Gees - Butterfly

Tom: G  
Intro: G

G  
Green fields where we used to wonder  
Purple valleys, near my home  
We would play there, beneath the sky  
And then I kissed you, butterfly  
G  
Young girl, you came restless  
And you left me here to dry  
My big tears, in red pastures  
For I loved you, butterfly  
G  
Butterfly, yeah  
I dream about you, lonely without you, butterfly

G  
Butterfly, yeah  
Each night I'm sleeping, your face goes creeping, butterfly
