

Bee Gees - Closer Than Close

Tom: C

Am She'll read your mind, she's smart as a whip.
 Am She'll suck you dry, but look at how much I drip.
 G At the point of ecstasy I write a symphony
 Am of poetry in motion, and leaving me there to die.
 Am I tell myself let no one take her place.
 Am To confide in someone and look at how much I paid.
 G I want you next to me, call it telepathy.
 Am We drifted into vision and look how much we see.
 F Ah, ah, ah...

Dm I just want to get closer than close to you.
 Dm I know that one way or the other
 Dm any test of my faith will do.

Em7 And lovers fall for lovers' friends.
 We make each other cry,
 F living in each others lives
 Ab and trying to make the fantasy come true.

Ab Am Dm Am
 But I just want to get closer than close to you.
