

Bee Gees - Down The Road

I don't need anybody, I don't need anyone

Take it nice and easy, mama, chicken on the run and I don't care

I'd show my body anywhere

Ain't no big city winner's gonna pass my buck anywhere

Ain't no four leaf clover's gonna settle my luck and I don't care

Go down to the courthouse and I've been on display

Don't you think that I don't know

It ain't been a perfect day, but I don't care

I'd sell my body anywhere

In the name of creation, I can't find an explanation anywhere

Ain't no easy rider gonna settle my luck and I don't care

Down, down the road, up the road

Down, down the road, up the road

Been rejuvenated to the highest degree

Ain't no words describing what this feeling's done to me

And I don't care

I'd show my feelings anywhere

Ain't no heavy Mister Leather's gonna paddle my butt anywhere

Ain't no four leaf clover's gonna settle my luck and I don't care

Down, down the road, up the road

Down, down the road, up the road

Down, down the road, up the road

Down, down the road, up the road

Down, down the road, up the road

Down, down the road, up the road

Down, down the road, up the road

Down, down the road, up the road
