

Bee Gees - Happy Ever After

Tom: A

Bm E Bm E A

A
Though I know it's time to take you home

Gbm
Baby you and I are all alone

Bm
We could take a moment of our own

A
And look what we've got

You could destroy this heart of mine

Gbm
I'm only trying to get by

Bm
Hiding in the shadows of the night

E
Holding you and knowing the wrong is right

D7M
Show me some mercy

A
You know what you're doin' is making me

A
A happy man

D7M
I shield you from the rain I've been slow to get you but

D E
I'm working as hard as I can

Bm E
This time, it's what we believe is true

Bm E
And whether you believe I'm in love with you

Bm E
I've gotta be sure that you say what you mean

Bm E
Is it only a dream to a teenage queen

Bm
And all the years of tears and laughter

E
We could go through

Bm
Will it be happy ever after

A

For me and you

Gbm A Gbm

A
Heaven is a place inside of me

Gbm
Livin' with your heart as company

Bm
Only you can change the way I feel

A
And make it feel good

Where there is love there is no crime

Gbm
I'm only tryin' to get mine

Bm
Let me be the one to dry your eyes

E
We can be the promise that never dies

D7M
Light of an angel blinded by the vision

A A
I'm wishin' we could travel on

D7M
Stay with me baby any less than an hour

D E
You'll be leavin' me lonely too long

Bm E
This time, it's what we believe is true

Bm E
And whether you believe I'm in love with you

Bm E
I've gotta be sure that you say what you mean

Bm E
Is it only a dream to a teenage queen

Bm
And you define the dream you're after

E
Make it come true

Bm A
Will it be happy ever after for me and you

A Gbm D E

Is it only a dream to a teenage queen

And you define the dream you're after

This time, it's what we believe is true

Make it come true

And whether you believe I'm in love with you

Will it be happy ever after

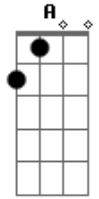

I've gotta be sure that you say what you mean

Will it be happy ever after for me and you
