[Primeira Parte]

I know your eyes in the morning sun  
 I feel you touch me in the pouring rain  
 And the moment that you wander far from me  
 I wanna feel you in my arms again

[Pré-Refrão]

And you come to me on a summer breeze  
 Keep me warm in your love, then you softly leave  
 And it's me you need to show

[Refrão]

How deep is your love  
 Is your love, how deep is your love  
 I really mean to learn  
 'Cause we're living in a world of fools breaking us down  
 When they all should let us be  
 We belong to you and me

[Segunda Parte]

I believe in you  
 You know the door to my very soul  
 You're the light in my deepest, darkest night  
 You're my savior when I fall

[Pré-Refrão]

And you may not think I care for you  
 When you know down inside that I really do  
 And it's me you need to show

[Refrão]

How deep is your love  
 Is your love, how deep is your love

Is your love, how deep is your love  
 I really mean to learn  
 'Cause we're living in a world of fools breaking us down  
 When they all should let us be  
 We belong to you and me

[Ponte]

La la la la la la

[Pré-Refrão]

 And it's me you need to show

[Refrão]

How deep is your love  
 Is your love, how deep is your love  
 I really mean to learn  
 'Cause we're living in a world of fools breaking us down  
 When they all should let us be  
 We belong to you and me

How deep is your love, how deep is your love  
 I really mean to learn  
 'Cause we're living in a world of fools breaking us down  
 When they all should let us be  
 We belong to you and me

How deep is your love, how deep is your love
