

# Bee Gees - How To Fall In Love

Tom: D

I got a <sup>Am</sup> bad sensation The enemy is all around  
 The <sup>G</sup> traces of my naked heart Are laid upon the <sup>D</sup> ground  
 I <sup>D</sup> suffered side effects That might have been <sup>Bm</sup> forever  
 Even in my <sup>Gbm</sup> dreams And I was left <sup>Bm</sup> alone to pray  
 When there was <sup>Bb</sup> no one in the way  
 And <sup>D</sup> nothin' what it seemed <sup>D D</sup>  
 And from a <sup>Am</sup> hard time, play time  
 Took a trip around the world  
 Made <sup>G</sup> myself invisible  
 The <sup>D</sup> taste was in the wine  
 And just when the <sup>D</sup> thought of someone  
 Needing me <sup>Bm</sup> forever  
 I <sup>G</sup> don't believe the words are true  
 That only she could be my <sup>Gm</sup> savior

Refrão:

<sup>D</sup> Experience is not enough  
 I'll show you how to fall in <sup>G</sup> love  
 She said experience is not enough

I'll show you how to fall in love

And she's all alone with me  
 Every <sup>A Bm</sup> night  
 And lighting all my <sup>Gbm</sup> days of sorrow  
 On my own  
 If there was any more to give  
 You know I'd sacrifice it for her <sup>D D</sup>

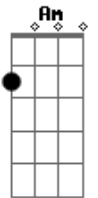

And in the prime of my life  
 I was blessed and I was sent  
 Someone sweet and innocent  
 And nervous when she kissed  
 And in the face of my  
 Forbidden fruit forever  
 Miracles are mine  
 And knowing I'm the first  
 In her secret universe  
 There's no sense of space and time  
 You take a small town, young girl  
 Someone warm and wonderful  
 That any man would understand  
 That love is like the wind  
 Something deep inside to give you  
 And when the words get in the way  
 The only thing you need is silence  
 Experience is not enough  
 I'll show you how to fall in love  
 She said experience is not enough  
 I'll show you how to fall in love
