Bee Gees - I Started a Joke

```
                          tom:
                     C              [Intro] C  Em  F  G
              C  Em  F  G

C             Em
I started a joke
F                    G          C       Em   F
Which started the whole world crying
G         C   Em    F
But I didn't see
G           C   Em   F  G
That the joke was on me, oh no

C             Em
I started to cry
F                    G
Which started the whole world
C    Em   F
Laughing
G         C   Em    F
Oh, if I'd only seen
G          C   Em   F  G
That the joke was on me

Am                Em
I looked at the sky
F            C
Running my hands over my eyes
Em             Am
And I fell out of bed
Dm
Hurting my head
G
```

```
From things that I'd said
C             Em
'Til I finally died
F              G         C      Em  F
Which started the whole world living
G         C   Em    F
Oh, if I'd only seen
G           C   Em   F  G
That the joke was on me

Am                Em
I looked at the skies
 F           C
Running my hands over my eyes
Em             Am
And I fell out of bed
Dm
Hurting my head
G
From things that I'd said

C             Em
'Til I finally died
F              G         C      Em  F
Which started the whole world living
G         C   Em    F
Oh, if I'd only seen
G           C   Em   F  G
That the joke was on me

G           C   Em   F  G
That the joke was on me

[Final] C  Em  F  G  C
```
