

# Bee Gees - It Doesn't Matter Much To Me

Tom: E  
Intro: E7M Gbm7 E7M

Hello angel, do you know me, I'm your man  
Would that be hard for you to try and understand  
I've been looking forward to this day, for so so long  
Could lovin' you, be so so wrong

Refrão:

It doesn't matter much to me  
Baby, I've been hurt before  
Don't you ask me why I'm here  
Back and knockin' at your door

Do you remember, Do you remember all the nights  
And all the love we went through  
Well you know, maybe I thought you had some left over  
Could I mean that much to you

(Refrão)

Now open up your arms and take me  
Make me love you till I die  
You wouldn't have me when I was a young man  
But tonight I'm gonna try

(Refrão)

( E G A C ) (8x)
