

Bee Gees - It Doesn't Matter Much To Me

Tom: E
Intro: E7M Gbm7 E7M

Hello angel, do you know me, I'm your man
Would that be hard for you to try and understand
I've been looking forward to this day, for so so long
Could lovin' you, be so so wrong

Refrão:

It doesn't matter much to me
Baby, I've been hurt before
Don't you ask me why I'm here
Back and knockin' at your door

Do you remember, Do you remember all the nights
And all the love we went through
Well you know, maybe I thought you had some left over
Could I mean that much to you

(Refrão)

Now open up your arms and take me
Make me love you till I die
You wouldn't have me when I was a young man
But tonight I'm gonna try

(Refrão)

(E G A C) (8x)
