It was a very good year for small town girls

     F                 Fm7    F
And soft summer nights;

     E                            D
We'd hide from the lights on the village green

            E
When I was seventeen.

Who lived up the stairs

With perfumed hair that came undone

When I was twenty-one.

     F                Fm7  F
Of independent means;

We're ride in limousines that their chauffeurs would drive

            E

```
              Em       E   Em7  Em             F
Fm7  F
And now the days are short,          I'm in the autumn of my
years,

            Em         Em      G
And now I think of my life as  vintage wines

     F            Fm7  F
In fine old kegs;

          E                        D
From the brim to the dregs, they pour sweet and clear...

          E
It was a very good year.
