

Bee Gees - Living Together

Tom: Bb

Why ain't we livin', livin' together
 instead of being so so far apart
 Why ain't we livin', livin' together
 instead of being so so far apart
 Why ain't we livin' together, livin' together
 instead of bein' alone
 Why ain't we livin' together, livin' together
 instead of bein' alone
 I lay my heart on you
 and you can show the way
 I give my everlasting

love until my dying day
 Take this lonely soul ,
 the water or the wine
 A chance to make you mine
 I lay my body on the line
 My life was emptiness
 until you came along
 I nearly fell apart , you took my heart
 and made me strong I need all of you
 to get me through the night
 A chance to see the light
 I lay my body on the line
